**1. Agenda No. 1 - Retail price fixation under Para 5 of DPCO, 2013 - Fixed Dose Combinations (FDCs) of Dapagliflozin + Sitagliptin + Metformin tablet.**

1.1. The Committee noted that 3 applications have been received for retail price fixation of two Fixed Dose Combinations (FDCs) of Dapagliflozin + Sitagliptin + Metformin tablets i.e. (i) Dapagliflozin 10 mg + Sitagliptin 100 mg + Metformin (ER) 1000 mg Tablet, (ii) Dapagliflozin 10 mg + Sitagliptin 100 mg + Metformin (ER) 500 mg tablet. The Committee further noted that the formulation 'Dapagliflozin and Sitagliptin' of the FDCs was patented and the patent expired in October, 2020 and 5<sup>th</sup>/6<sup>th</sup> July, 2022 respectively.

1.2. In this connection, it is mentioned that the Authority in its 96<sup>th</sup> meeting dated 24.03.2022 (based on the recommendation of the Committee of Experts in its 40<sup>th</sup> meeting dated 14.03.2022) approved the retail price of the FDC of Sitagliptin + Metformin tablet in line with the following methodology as detailed below:

*(i) The Authority noted that the formulation "Sitagliptin" has become/ is on the verge of becoming off-patent and observed that, in line with the decision taken in its 89<sup>th</sup> meeting dated 28.06.2021, if the calculation is based on six month prior market data, the price of the patented period would be taken into consideration and hence the price rationalisation due to expiry of the patent may not pass on to the patients.*

*(ii) The Authority further noted that matter was placed before the 40<sup>th</sup> meeting of the Multidisciplinary Committee of Experts held on 14.03.2022 which in line*

decision taken in the 89<sup>th</sup> Authority meeting dated 28.06.2021, recommended to fix the retail price as per the following methodology:

"...The Committee observed that the market data of the FDCs of Sitagliptin and Metformin tablet is also available and noted that if the retail price is calculated based on six month prior market data, the price of patented period would be taken into consideration and benefit of price reduction due to medicines which has become/ is on the verge of becoming off-patent would not pass on to the consumers. The Committee deliberated upon the matter in detail and is of the opinion that the price of drugs be reduced in respect of the drugs which has become/ on the verge of becoming off-patent so as to pass the benefit of price reduction to the consumers and that a reduction of 50% be allowed on the patented component of FDCs i.e. 'Sitagliptin' to arrive at the retail price. Accordingly, the Committee recommended to allow retail price for the FDCs of Sitagliptin and Metformin tablet in line with the decision taken in its 33<sup>rd</sup> meeting held on 21.06.2021. However, where the calculated retail price of the FDC of formulation based on six month prior market data as per the provisions of DPCO 2013 is lower than claimed price and the calculated price, the Committee recommended that the same would be allowed."

(iii) The Authority deliberated upon the matter in detail and accepted the recommendation of the Multidisciplinary Committee of Experts and approved the fixation of the new drugs as per the methodology stated by the Multidisciplinary Committee of Experts.

1.3. The Authority further approved the retail prices of FDCs as stated in above para 1.2 in its 97<sup>th</sup>, 99<sup>th</sup>, 100<sup>th</sup>, 101<sup>st</sup>, 102<sup>nd</sup>, 103<sup>rd</sup> and 106<sup>th</sup> meeting dated 06.05.2022, 28.06.2022, 05.08.2022, 07.09.2022, 27.09.2022, 10.11.2022 and 30.12.2022 based on the recommendation made by the Multidisciplinary Committee of Experts in its 41<sup>st</sup>, 42<sup>nd</sup>, 43<sup>rd</sup>, 44<sup>th</sup>, 45<sup>th</sup>, 46<sup>th</sup> and 47<sup>th</sup> meeting dated 08.04.2022, 02.06.2022, 04.07.2022, 04.08.2022, 13.09.2022, 19.10.2022 and 02.12.2022 as per the above mentioned methodology.

1.4. Accordingly, the retail price of these FDCs has been attempted in line with principles as adopted earlier i.e., reduction of 50% from the patented component i.e., Dapagliflozin [termed as (a)] and Sitagliptin [termed as (b)] and then adding the ceiling price of the scheduled components as applicable six month earlier from the date of application [termed as (e)]. From the total, a reduction of 20% of the lower of (b), (d) and (e) in line with the recommendation of the Pronab Sen Committee is provided.

1.5. Accordingly, the draft price calculation as per methodology as mentioned in Para 5 is attempted and placed as Agenda Item No. 1 (i) to 1 (iii) for kind deliberations. Further, the calculation as per Para 5 of DPCO 2013, based on the market data available, in Pharmatrac, if any, is also calculated.

1.6 Accordingly, the Committee recommended the retail price of FDCs of Sitagliptin + Metformin Hydrochloride IP tablet for various companies as detailed below:

1.6.1 Each film coated tablet containing Dapagliflozin Propanediol Monohydrate eq. to Dapagliflozin 10mg + Sitagliptin Phosphate Monohydrate IP eq. to Sitagliptin 100 mg + Metformin Hydrochloride IP 500 mg (as Extended Release) for M/s Exemed Pharmaceuticals (Manufacturer) and M/s Sun Pharma Laboratories Limited. **4. Agenda No. 4 - Retail price fixation under Para 5 of DPCO, 2013 - Fixed Dose Combinations (FDCs) of Dapagliflozin + Teneiglipitin tablet.**

4.1. The Committee noted that 2 applications have been received for retail price fixation of two Fixed Dose Combinations (FDCs) of Dapagliflozin + Teneiglipitin tablet. In this connection, it may be stated that the component Dapagliflozin of the FDCs was patented and the patent expired on 02.10.2020.

4.2. In this connection, the methodology decided in 96<sup>th</sup> Authority meeting held on 24.03.2022 (based on the recommendation of the Committee of Experts in its 40<sup>th</sup> meeting dated 14.03.2022) for the calculation of retail price of the FDC of Sitagliptin + Metformin tablet is detailed below:

*(i) The Authority noted that the formulation "Sitagliptin" has become/ is on the verge of becoming off-patent and observed that, in line with the decision taken in its 89<sup>th</sup> meeting dated 28.06.2021, if the calculation is based on six month prior market data, the price of the patented period would be taken into consideration and hence the price rationalisation due to expiry of the patent may not pass on to the patients.*

*(ii) The Authority further noted that matter was placed before the 40<sup>th</sup> meeting of the Multidisciplinary Committee of Experts held on 14.03.2022 which in line decision taken in the 89<sup>th</sup> Authority meeting dated 28.06.2021, recommended to fix the retail price as per the following methodology:*

*"....The Committee observed that the market data of the FDCs of Sitagliptin and Metformin tablet is also available and noted that if the retail price is calculated based on six month prior market data, the price of patented period would be taken into consideration and benefit of price reduction due to medicines which has become/ is on the verge of becoming off-patent would not pass not on to the consumers. The Committee deliberated upon the matter in detail and is of*

*R*

*the opinion that the price of drugs be reduced in respect of the drugs which has become/ on the verge of becoming off-patent so as to pass the benefit of price reduction to the consumers and that a reduction of 50% be allowed on the patented component of FDCs i.e. 'Sitagliptin' to arrive at the retail price. Accordingly, the Committee recommended to allow retail price for the FDCs of Sitagliptin and Metformin tablet in line with the decision taken in its 33rd meeting held on 21.06.2021. However, where the calculated retail price of the FDC of formulation based on six month prior market data as per the provisions of DPCO 2013 is lower than claimed price and the calculated price, the Committee recommended that the same would be allowed."*

*(iii) The Authority deliberated upon the matter in detail and accepted the recommendation of the Multidisciplinary Committee of Experts and approved the fixation of the new drugs as per the methodology stated by the Multidisciplinary Committee of Experts.*

4.3. The Authority further approved the retail prices of FDCs as stated in above para 4.2 in its 97<sup>th</sup>, 99<sup>th</sup>, 100<sup>th</sup>, 101<sup>st</sup>, 102<sup>nd</sup>, 103<sup>rd</sup> and 106<sup>th</sup> meeting dated 06.05.2022, 28.06.2022, 05.08.2022, 07.09.2022, 27.09.2022, 10.11.2022 and 30.12.2022 based on the recommendation made by the Multidisciplinary Committee of Experts in its 41<sup>st</sup>, 42<sup>nd</sup>, 43<sup>rd</sup>, 44<sup>th</sup>, 45<sup>th</sup>, 46<sup>th</sup> and 47<sup>th</sup> meeting dated 08.04.2022, 02.06.2022, 04.07.2022, 04.08.2022, 13.09.2022, 19.10.2022 and 02.12.2022 as per the above mentioned methodology.

4.4. Accordingly, the retail price of these FDCs has been attempted in line with principles as adopted earlier i.e., reduction of 50% from the patented component i.e., Dapagliflozin [termed as (a)] and then adding the price of the other component as applicable six month earlier from the date of application [termed as (c)]. From the total, a reduction of 20% of the lower of (b) and (c) in line with the recommendation of the Pronab Sen Committee is provided.

**6. Agenda No. 6- Retail price fixation under Para 5 of DPCO, 2013 – Fixed Dose Combinations (FDCs) of Sitagliptin and Metformin tablet.**

6.1. The Committee noted that 2 applications have been received for retail price fixation of FDC of Sitagliptin 100 mg + Metformin 500 mg (extended release) tablet. In this connection, it may be stated that the component Sitagliptin of the FDCs was patented and the patent expired on 5<sup>th</sup>/6<sup>th</sup> July 2022.

6.2. Further, it may also be mentioned that the Authority in its 96<sup>th</sup> meeting dated 24.03.2022 (based on the recommendation of the Committee of Experts in its 40<sup>th</sup> meeting dated 14.03.2022) approved the retail price of the FDC of Sitagliptin + Metformin tablet in line with the following methodology as detailed below:

*(i) The Authority noted that the formulation "Sitagliptin" has become/ is on the verge of becoming off-patent and observed that, in line with the decision taken in its 89<sup>th</sup> meeting dated 28.06.2021, if the calculation is based on six month prior market data, the price of the patented period would be taken into consideration and hence the price rationalisation due to expiry of the patent may not pass on to the patients.*

*(ii) The Authority further noted that matter was placed before the 40<sup>th</sup> meeting of the Multidisciplinary Committee of Experts held on 14.03.2022 which in line decision taken in the 89<sup>th</sup> Authority meeting dated 28.06.2021, recommended to fix the retail price as per the following methodology:*

*"...The Committee observed that the market data of the FDCs of Sitagliptin and Metformin tablet is also available and noted that if the retail price is calculated based on six month prior market data, the price of patented period would be taken into consideration and benefit of price reduction due to medicines which has become/ is on the verge of becoming off-patent would not pass not on to the consumers. The Committee deliberated upon the matter in detail and is of the opinion that the price of drugs be reduced in respect of the drugs which has become/ on the verge of becoming off-patent so as to pass the benefit of price reduction to the consumers and that a reduction of 50% be allowed on the patented component of FDCs i.e. 'Sitagliptin' to arrive at the retail price. Accordingly, the Committee recommended to allow retail price for the FDCs of Sitagliptin and Metformin tablet in line with the decision taken in its 33<sup>rd</sup> meeting held on 21.06.2021. However, where the calculated retail price of the FDC of formulation based on six month prior market data as per the provisions of DPCO 2013 is lower than claimed price and the calculated price, the Committee recommended that the same would be allowed."*

*(iii) The Authority deliberated upon the matter in detail and accepted the recommendation of the Multidisciplinary Committee of Experts and approved the fixation of the new drugs as per the methodology stated by the Multidisciplinary Committee of Experts.*

6.3. The Authority further approved the retail prices of FDCs as stated in above para 6.2 in its 97<sup>th</sup>, 99<sup>th</sup>, 100<sup>th</sup>, 101<sup>st</sup>, 102<sup>nd</sup>, 103<sup>rd</sup> and 106<sup>th</sup> meeting dated 06.05.2022, 28.06.2022, 05.08.2022, 07.09.2022, 27.09.2022, 10.11.2022 and 30.12.2022 based on the recommendation made by the Multidisciplinary Committee of Experts in its 41<sup>st</sup>, 42<sup>nd</sup>, 43<sup>rd</sup>, 44<sup>th</sup>, 45<sup>th</sup>, 46<sup>th</sup> and 47<sup>th</sup> meeting dated 08.04.2022, 02.06.2022, 04.07.2022, 04.08.2022, 13.09.2022, 19.10.2022 and 02.12.2022 as per the above mentioned methodology.
