National Pharmaceuticals Pricing Authority

New Delhi, the 1st July, 2021

ORDER

S.O. 2654(E) - Whereas the National Pharmaceutical Pricing Authority (NPPA) was established vide the Resolution of the Government of India in the Ministry of Chemicals and Fertilizers No. 33/7/97-PI.I dated 29th August, 1997, inter-alia, to fix prices and notify the changes therein, if any, of bulk drugs and formulations, monitor the prices of non-scheduled drugs and formulations and oversee the implementation of the provisions of the Drugs (Price Control) Order (DPCO).

2. And whereas the Ministry of Chemicals and Fertilizers vide S.O.1394 (E) dated the 30th May, 2013, in exercise of the powers conferred by Section 3 and 5 of Essential Commodities Act, 1955 has delegated the powers in respect of specified paras of the DPCO, 2013, including para 19 of the said Order to be exercised by the NPPA on behalf of the Central Government.

3. And whereas NPPA has been receiving applications for upward price revision under para 19 of DPCO, 2013 since last more than two years citing various reasons like increase in cost of production, exchange rates etc. resulting in unviability in sustainable production and marketing of the drugs.

4. And whereas NPPA referred the issue to the Standing Committee on Affordable Medicines and Health Products (SCAMHP), Niti Aayog, Government of India for guidance on the modalities/ methodology to be followed for such cases.

5. And whereas SCAMHP in its 2nd meeting held on 07.11.2019 has recommended examination of formulations/ molecules experiencing manufacturing unviability due to low prices and consider price revision by allowing 50% increase from the ceiling price.

6. And whereas, the Inter-Ministerial Committee constituted for examination of cases under Para 19 of DPCO 2013 has examined the representations and observed that the formulations of the three drugs are essential medicines for public health management and pricing of these shouldn't be reason for shortage and unavailability of these medicines, and accordingly recommended for upward revision of price under Para 19 of DPCO 2013.

7. And whereas, NPPA in its 89th meeting dated 28.06.2021 deliberated upon the case of upward price revision of the formulations of these drugs under para 19 of DPCO 2013 and noted that the scheduled formulations being considered for upward price revision under para 19 of DPCO 2013 are low priced drugs and have been under repeated price control. These drugs are used as first line of treatment and are important to the public health program of the country. Further, the mandate of NPPA is to ensure availability of drugs at affordable prices and it was noted that while ensuring affordability, access cannot be jeopardized and the life saving essential drugs must remain available to the general public at all times. Therefore, the NPPA is of the considered view that unviability of these formulations should not lead to a situation, where these drugs become unavailable in the market and the public is forced to switch to costly alternatives.

8. And whereas, NPPA is cognizant that as per the prevailing policy, cost based pricing is not feasible. To address the situation arising due to repeated price control, one time price increase of 50% from the present ceiling price is being considered in public interest as an exceptional measure as advised by SCAMHP. Accordingly, NPPA invokes extra ordinary powers in public interest under para 19 of DPCO 2013 for upward revision of the ceiling prices of the nine scheduled formulations of 3 drugs by giving one time increase of 50% from the present ceiling price.

9. Therefore, in exercise of extra ordinary powers in public interest, conferred by paragraph 19 of the Drugs (Prices Control) Order, 2013, read with S.O. No. 1394(E) dated the 30th May, 2013 issued by the Government of India in the Ministry of Chemicals and Fertilizers, and in supersession of the Order(s) of the Government of India in the Ministry of Chemicals and Fertilizers (National Pharmaceutical Pricing Authority) S.O. Number and date specified in column no. 6(a) & 6(b) mentioned in the table below, the National Pharmaceutical Pricing Authority, hereby fixes the prices as specified in column (5) of the Table below as ceiling prices exclusive of Goods and Services Tax applicable, if any in respect of the Scheduled formulations specified in the corresponding entry in column (2) of the said Table with the dosage form & strength and unit specified respectively in the corresponding entries in columns (3) and (4) thereof:
